

The Forum for Cities in Transition

an initiative of the Moakley Chair of Peace and Reconciliation
McCormack Graduate School of Policy and Global Studies
University of Massachusetts Boston

International Communities Organisation is delighted and proud to announce that after being shortlisted in the Henley & Partners Global Citizen Award, Professor Padraig O'Malley have been selected as the 2019 recipient of Prestigious Henley & Partners Global Citizen Award for Forum for Cities In Transition (FCT).

FCT is a dynamic and lively network, offering practical support for those living in cities in conflict and real solutions to previously intractable problems. The primary premise of the Forum for Cities in Transition is that cities that are in conflict or have emerged from conflict are in the best position to help other cities in similar situations.

A huge thank you to FCT team and member cities; without their involvement for peace and reconciliation vision and work of FCT this would not have been possible.

Thanking Henley & Partners for its recognition of his work, Prof. O'Malley said, "The process of building peace is not about ensuring that one group's views prevail over another but about constructing a shared vision for a better future. Working with societies in transition has shown me that even though we face different problems, challenges, and contexts, we can both learn from and offer lessons to each other. I am grateful to Henley & Partners for its acknowledgement and support of the work that we are doing at the Forum for Cities in Transition."
